

Long Sleeve T-shirt Mockups

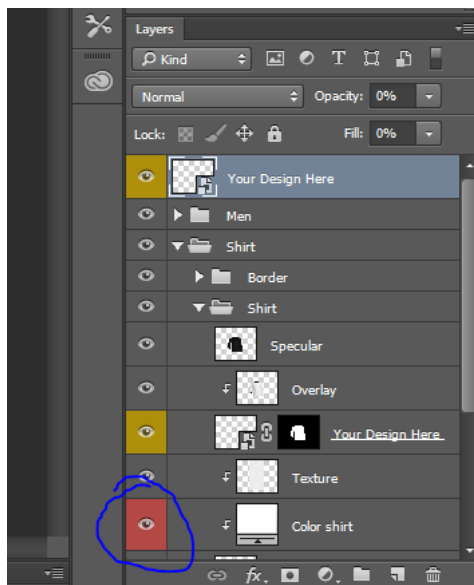

Guide Instructions

Replace The design

Simply double-click smart object layer thumbnail (marked with yellow color), new editing tab in your document. Paste your design inside that tab, save then close the tab. Enjoy the result!

Change color Object

Just like before double-click smart object layer thumbnail (marked with red color), and pick the color you want.

Run The Displace Filter

Select layer inside the shirt folder named Your Design Here and then go to filter bottom on menu panel >>>> filter > distort > displace.

In the displace dialog, enter a value between 20 and 20 as a starting point for both horizontal scale and vertical scale. Since this layer is a smart object, the filter will appear in the layers panel as a smart filter, which means you can always edit the filter settings. After clicking oke,you will be asked to choose the displacement map, so navigate to the location of the psd file you saved. The flag will be distorted to follow the folds of the cloth.
